

# SPECIFICATION SHEET

## Monterey<sup>®</sup> Series Magazine Racks

**Dimensions:** See dimensions chart

**Materials:** Solid pine

**Mounting:** Recessed versions can be mounted with construction adhesive or screwed to the studs on either side. Surface Mounted versions simply screw to the wall.

**Finish:** Multiple finishes available

**Features:**

- ✓ Solid wood construction – screwed together to last a lifetime, including in a humid bathroom environment!
- ✓ Handcrafted in the USA
- ✓ Easy installation
- ✓ Many customization options available including custom sizing
- ✓ All racks use a hold-in trim at the bottom which keeps magazines from sliding out

**NOTE:** If you already have an opening in your wall from a previous “recessed” cabinets, be sure to measure the opening. The rough opening needed for each model is shown in the dimensions chart on the last page.

### Side View of Recessed Magazine Rack

*FRAMED 3.5" deep models (4.25" overall depth)*

All models have a frame which is  $\frac{3}{4}$ " larger all the way around than the cabinet box itself which is there to cover the edges of your rough opening in the drywall.

Some models without toilet paper holders use a 2.5" deep box, however a deeper box is always an option you can select.

**OVERALL DEPTH 4.25"**

These models can be secured either using construction adhesive on the back side of the frame overhang, or by screwing to the studs on both sides. Either way works equally well and will support much more weight than you could ever put in the niche.
