Rough Opening Needed:

20 1/8"h x 14 1/8"w x 4"d (std 2x4 walls)

Materials:

Solid Whitewood Radiant Pine, Solid maple door

Mounting:

Mount by screwing into studs on both sides of the wall opening or use Construction Adhesive on the back side of the frame (glues to the outside surface of the drywall)

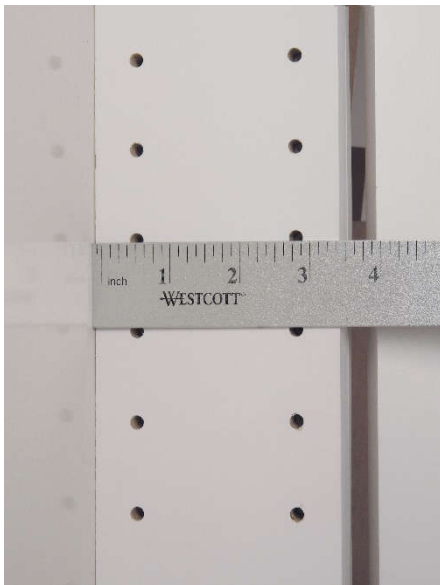

Finish:

Can be unfinished, or finished in any one of our 30 colors, or your custom paint color.

Features:

- ✓ Solid wood construction – screwed together to last a lifetime, even in a humid bathroom environment!
- ✓ Handcrafted right here in the USA, in sunny Sarasota, Florida!
- ✓ Three fully adjustable glass shelves
- ✓ Easy installation – simply screws to the studs on each side of the opening using included screws. Or use construction adhesive on the back side of the frame.
- ✓ Our unique, patented design of shelf supports keeps the glass shelf in place. Because the shelves slide in through the front, the shelves can't fall off and can't move, but you can still adjust them anytime you want.
- ✓ Included patented shelf retainers ensure the shelves won't come out either unless you actually want to move them.
- ✓ Various finish choices – Unfinished stain grade, Primed and ready to paint, or finished for you in one of our colors!

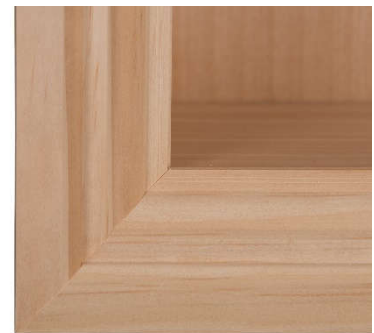

NEW-218 - 18" high Newberry® Series Recessed in the wall Niche

Our own design of shelf supports assures the shelves won't fall off or rock. Shelf Retainers ensure that shelves won't come out unless you actually **want** to move them to another location.

3.5" deep Newberry Series Niche (4.25" overall depth)

These models have a frame which is $\frac{3}{4}$ " larger all the way around than the cabinet box itself so the frame will cover your rough edges of the drywall opening when installed.

These models can also be screwed to the studs on both sides of the wall
